Freight Turnover of Railroad Transport

The plan for daily average loading on the Transcaucasus Railroad was fulfilled 106 percent in the first quarter 1949, representing an increase of 15 percent over the same period of 1948. The railroad exceeded the loading plan for petroleum products, 125 percent, but failed to meet the plan for coal, 86 percent, and manganese ore, 94 percent. The first-quarter 1948 loading level was exceeded by 2 percent for coal and by 13 percent for manganese ore. During the first quarter 1949, only 97 percent of the daily average plan for unloading was completed.

Commodity Turnover

In the first quarter 1949, 95 percent of the plan for retail commodity turnover was completed by the Republic as a whole.

The plan for commodity turnover was fulfilled as follows by separate trade systems and trade organizations:

Commodity Turnover of Retail Trade System

	<u>Percent</u>
Ministry of Trade	99
including:	
Main Administration of General Stores	100.1
Main Administration of Food Delicacies Stores	102
Georgian Resort Market	91

including:	
Main Administration of Railroad Restaurants	97
Tbilisi Trust of Public Eating Enterprises	94
Georgian Trade	94
Consumers' Cooperatives	83
Trade Cooperatives	77
Invalids' Cooperatives	41

As a result of lowering state retail prices on 1 March 1949, retail commodity turnover increased 25 percent in March as compared with January 1949, and the month plan for commodity turnover was considerably exceeded, including enterprises of the ministry of Trade, 11 percent, and consumers' cooperatives, 22 percent.
